

2007 New Zealand MWH Soft User Conference

Come and meet Dr Paul Boulos!

Recognised world-leading expert on water distribution and urban drainage engineering

What's on?

MWH are pleased to announce Dr Paul Boulos, MWH Soft President and Chief Operating Officer, will be hosting the upcoming 2007 New Zealand MWH Soft User Conference. The conference will cover a wide range of important topics related to water, waste water and storm water network planning and management, and will also include information on the latest developments from MWH Soft's range of products.

Why should you attend?

- To learn about the latest MWH Soft product developments
- Discuss key water, waste water and storm water network planning and management issues
- Have an opportunity to raise issues or suggest enhancements to MWH Soft's products
- Meet peers from your region who are also involved in network modelling

Where?

Auckland

Manakau Room, Sorrento in the Park, Cornwall Park, Royal Oak

Thursday 29 March 2007 - 8am to 2.30pm

Morning tea and lunch provided

Cost: Free

RSVP: Friday 16 March - Justin Hanson - 0800 205 305 or nz.mwhsoft@mwhglobal.com

About Dr Boulos

Dr Boulos oversees MWH Soft's worldwide operations and strategic directions from their corporate headquarters in Broomfield, Colorado. He has more than 19 years industry experience, and has managed and directed projects ranging from master planning and regional water quality studies to large IT integration projects. He is a recognised world-leading expert on water distribution and urban drainage engineering, and is the author of six authoritative text books and over 200 technical papers. He has also won many prestigious honours from the American Society of Civil Engineering, the American Water Works Association and the United States Environmental Protection Agency.
